DUAL FORMAT IMAGER MASKING SYSTEM

Large Motorized System for Masking Between Two Formats

- Large horizontal motorized system for masking Cinemascope to HDTV format or HDTV to NTSC Video format.
- System can be installed over Da-Lite's Cinema Contour®, Imager, Da-Snap or Perm-Wall fixed frame screen, rear projection screens or over any other permanently wall mounted screen.
- Masking fabric attached to a slat bar will mask the screen equally on each side.
- Masking fabric will lower from the top with the slat bar concealed in the bottom frame.
- Frame standard with Pro-Trim® finish, a fabric frame covering that aesthetically enhances the appearance of the installation while absorbing light that surrounds the viewing area.
